## CIRCULAR – 04/25

3rd December, 2025

**Dear Parents,**

Assalam-u-Alikum!

Greetings from Arise International Academy!

As we come to the close of another academic session, it is with immense pride, joy and gratitude that I greet you today. Pride in what we as an educational institution has achieved in the course of this year, the growth and progress we have seen in our students, from the tiny tots to the teenagers in the High School. We have carefully nurtured and watched their little and bigger achievements, whether it is participating confidently in Inter School events like MUN or to anchor and partly host a school programme. We have made it a policy from the beginning of this institution that every child will be encouraged to participate in every activity and will be given a level playing field, and yet eventually the best gets the opportunity to compete with each other through our Inter House Competitions. Thus, we witnessed some spirited debaters and highly alert quizzers in the closing week as we came to a culmination to those Inter House events. AIA does not lag behind in sporting activities either. Within the limits of time and space we saw an energetic Inter House Football Match and Cricket Match. These are the few events with which we closed the session. Where we saw Ariseans shine and that is the joy we feel today. At the core of all these lies our belief in the Multiple Intelligence Theory of Howard Gardner expressed in his book "The Unschooled Mind: How Children Think and How School Should Teach. Let me quote " All children everywhere will become more skilled in those pursuits that engage their interests and their efforts and that are valued by adults and peers in their environment. Skill develops not only in areas vocation and avocation but in the simple activities of living- telling stories, estimating large numbers ,handling disputes, instructing a younger person" Howard Gardner.

Arise International Academy is a happy and grateful family. Our gratitude to the Almighty is beyond words, for He has watched over and protected everyone of our children, staff members and their loved ones during this whole year. The blessings of the Almighty was and is felt every day in this beautiful institution of learning and nurturing where we nurture the children in their faith in Allah and instill the value of gratitude. Above all we are deeply grateful for the blessing of getting the affiliation granted by CBSE, Delhi. Through all these programmes and processes you, parents, supported, encouraged and stood by us. We are very grateful for the understanding and support of every one of you. It is our pledge and promise to make Arise International Academy a place of great learning where children will love to come and grow to be achievers and good human beings who will be an asset to the family and to the society.

In another week our High School students too will begin their winter vacation. We will be sending you details about their winter Assignments and other details. Their teachers are working hard at it. These are difficult, uncertain times and harsh weather. We wish every one of you a safe and enjoyable family time. May Allah take care of all your needs, watch over and protect you.

God Bless You!

*Lucy Jacob*
